America's Water and Wastewater Crisis: The Role of Private Enterprise - Lewis D. Solomon -

America's Water and Wastewater Crisis The Role of Private ...

As more water infrastructure shifts from public- to private-sector control, vendors, consultants, and facilities are taking on more importance. Lewis D. Solomon presents an historical overview of water supply and treatment needs and the role of the government, including how water policy has been crafted. He argues that water scarcity is becoming a problem due to groundwater depletion, contamination, and patterns of consumption.
