Strathmore University organised the Fifth Annual Ethics Conference on Governance, Institutions and the Human Condition. Research papers were presented in four sessions, corresponding to four key milestones in the crisis that almost tore Kenya apart in January - February 2008: Constitutional law, Institutions, Education and the Land Issue. Governance Institutions and Economic Activity Governance is an organizing concept for many fields in all social sciences; it is not a field per se, and certainly not a field within economics. Case studies in law, political science, sociology, and anthropology, and game-theoretic modeling in economics, have all contributed to the advancement of our knowledge concerning governance institutions. governance principles, institutional capacity and quality](#)

of organizations and institutions at the front lines of crisis response, the overall functioning of country systems, and the governance structures that set the rules of the game .

What is Good Governance? - UN ESCAP

The concept of "governance" is not new. It is as old as human civilization. Simply put "governance" means: the process of decision-making and the process by which decisions are implemented (or not implemented).

Governance can be used in several contexts such as corporate governance, international governance, national governance and local governance.
