...
Since the publication of the first edition of Human Behavior in the Social Environment, several generations of students have successfully used this classic text, which takes a social systems approach to human behavior. Human Behavior in the Social Environment: A Social Systems Approach
...
The book serves as a template of the concentric circles of human behavior, with chapters on fields of behavior, beginning with the person and ranging outward to culture and society. Abundant examples from practice and from behavioral patterns are drawn from the social sciences, topical events, literature, and the authors' personal and professional experiences. This volume responds to the needs of students and instructors as these have developed since the publication of the previous edition. Media Review: Books: Human Behavior in the Social ...
map of the territory of human behavior by use of a "systems approach." Its initial chapter deals with the characteristics of the systems approach. Succeeding chapters are concerned, in descending order of magnitude of the social system, with culture and society, communities and organizations, groups, families, and the person. Each chapter attempts to deal with its substance from a sys
