[Routledge](#)

Although this public perception continues, the immutability of the Greek Orthodox tradition has been questioned by several scholars over the past few years. This book continues this line of reasoning, but brings it into the centre of contemporary discussion. Presenting case studies from different periods of history up to the present day, the authors trace different aspects in the development of innovation and renewal in Orthodox Christianity in the Greek-speaking world and among the Diaspora.

According to the book's underlying proposition, tradition and innovation are neither polar opposites, nor are they mutually exclusive. Rather, traditionalism can involve renewal and change, while innovation can also ensure a sense of continuity. In fact, as the editors argue, innovation is an inherent modality of religious tradition itself (p. 3).

Innovation in the Orthodox Christian Tradition? - CORE

Abstract. The relationship between tradition and innovation in Orthodox Christianity has often been problematic, filled with tensions and contradictions starting from the Byzantine era and running through the 19th and 20th centuries.
