Contemporary video games are no longer based on a simple visual input and a keyboard; they now involve other senses, movement, and the response of the whole body in space.

No Matter: Theories and Practices of the Ephemeral in ...

Contemporary video games are no longer based on a simple visual input and a keyboard; they now involve other senses, movement, and the response of the whole body in space. This book therefore argues that the traditional binary opposition between the sensuous and the digital is currently being reversed.
