Stranger danger and the epidemic of fear : on the ... Psychology and the social sciences have identified myriad ways through which our perceptions may become distorted, particularly our perceptions of different cultures. Some of our fears and irritations about different cultures, our frustrations, and aggression, turn out to be entirely disproportionate.

Stranger danger and the epidemic of fear - bol.com FORUM reeks - Stranger danger and the epidemic of fear (paperback). This book explores the psychological dimensions of fear of strangers and Jaap van Ginneken relates this to recent political and sociological

developments. In four elegantly written essays, mass psychologist Jaap van Ginneken helps us to understand how our psychological

#### **The Psychology of Victim-Blaming - The Atlantic**

At its core, victim blaming could stem from a combination of failure to empathize with victims and a fear reaction triggered by the human drive for self-preservation. That fear reaction, in

#### **Fear | Psychology Today**

Fear is a vital response to physical and emotional danger with strong roots in human evolution. If we didn't feel fear, we couldn't protect ourselves from legitimate threats, which in our
